

COVID-19 Procedures

At Meier and Moser Associates, we remain committed to the health and safety of our patients, doctors, and staff.

During the COVID-19 pandemic, we are adjusting the way that we interact with patients and their families to comply with CDC guidelines for “Social Distancing”.

Prior to your Appointment

- If you have tested positive for COVID-19, been in known contact with anyone who is suspected or confirmed to have COVID-19, or have had any symptoms including fever, cold, cough and/or shortness of breath, please reschedule your appointment.
- Within the last 14 days, if you have traveled outside the country or been in close contact with anyone who has traveled outside the country, please reschedule your appointment.
- Prepare and bring a list of all medications, both prescription and over the counter.
- Bring any insurance cards you may have. We always keep both medical and vision insurance information on file and will scan your cards into our system each year.

Upon Arrival

- Our entrance through the optical department is on the north side of the building facing toward the Turkey Hill/Newport Rd.
- Knock on the door and someone will be with you.
- We require masks that cover your nose and mouth be worn at all times while inside the building. If someone accompanies you to your appointment, they will also be asked to wear a mask inside.

Our team at Meier and Moser Associates have developed these procedures to keep you as safe as possible throughout your exam. If you have questions or concerns during your visit, please let us know. We look forward to serving you again!
